Joe,

I faxed [(732) 906-6182] the analytical results for the samples, as requested.

Please let me know if you need further assistance.

Enjoy your day!

Subject: Duane Marine

Denise,

I started a review of the Duane Marine data and it appears that the PCB/pesticide data for soil sampling locations S02, S03 and S04 were not included in the data provided. The charts of the PCB/pesticide data list 7 pages and 7 are included, but for some reason no data for samples 2, 3 and 4 is reported. According to the Trip Report and Chain of Custody samples from these locations were collected and submitted.

Please provide the data if possible.

Thanks.
